An adjourned meeting of Allegheny Councils was held on Monday evening, October 26th, 1868.

SELECT COUNCIL.

JAMES McBRIER - - - - President.
D. MACPHERSON - - - - Clerk.

The CLERK called the roll, when the following members were present: Messrs. Black, Brown, Callery, English, Gang, Gwinner, Hall, Hartman, Krebs, Myler, Patterson J. C., Patterson A., Phillips, Riddle, Reiter, Smith A. D., Smith Wm., Weise, Wettach and President.

PETITIONS, ETC.

Mr. RIDDLE presented a petition for a change of grade on Gallaher street. Referred to Street Committee.

Mr. MYLER, a petition from the managers of the Allegheny Orphans' Asylum asking for a sewer to drain the property. Same reference.

Also, a remonstrance from property owners on North Canal street, against changing the location of said street. Referred to Street Committee, in conjunction with the City Solicitor.

Mr. BROWN, a petition from a committee of the stockholders of the Pleasant Valley Street Railway Company, asking permission to extend their track from its present terminus to the Hand Street bridge, by way of Ohio, Sandusky, Lacock and Anderson streets. Referred to Committee on Street Railways, in conjunction with the City Solicitor.

Mr. REITER presented petitions for gas lamps, one on the corner of Ridge street and Allegheny avenue, and one on the corner of [illegible] street and same avenue. Referred to Gas Committee.

Mr. WM. SMITH, a petition from the President and Directors of the Allegheny and Manchester Passenger Railway Company, asking permission to extend their tracks over several streets in the city.

Accompanying the petition was a communication from Solicitor of the said Railway Company relative to the right of the city to grant privilege to the Pleasant Valley Railway Company to extend their tracks over streets to which the Allegheny and Manchester Passenger Railway have exclusive right. The Solicitor gives the opinion that such privilege cannot be granted.

The matter was referred to the Committee on Street Railways, in conjunction with the City Solicitor.

Mr. MYLER presented a proposed article of agreement between the city and the Pittsburgh, Fort Wayne and Chicago Railway Company relative to the construction of the Sedgwick street sewer, accompanying which was a resolution providing for the execution of said agreement. The resolution was adopted.

THE PARK COMMISSION.

Mr. A. D. SMITH presented a requisition from Mr. James Park, Jr., President of the Park Commission, asking Councils to authorize the Controller to issue bonds to the amount of [illegible], of the Park Commission Fund.

The requisition was received, and the Controller was authorized to issue the bonds.

REPORT OF POLICE COMMITTEE.

Mr. ENGLISH, from the Police Committee, presented the following report:

GENTLEMEN: At a meeting of the Police Committee, held October 13th, 1868, in the matter of the petition of John M. Horner, Esq., asking to be relieved from the payment of a fine of $100, imposed on him by His Honor, Mayor Drum, because of an infraction of the law in reference to the erection of a frame stable, the question being upon a motion that the prayer of the petitioner be granted, was decided affirmatively.

The committee felt induced to take this step because of the willingness of His Honor to comply with the provisions of the ordinance in such cases, made and provided; viz: iron clad the building.

Report accepted and recommendation of the Committee adopted.

MONTGOMERY AVENUE SEWER.

Mr. MYLER presented an ordinance relative to the manner of making assessments for the Montgomery avenue sewer, on corner lots, providing for a discount of thirty-three per cent. The ordinance was adopted.

REPORT OF FINANCE COMMITTEE.

Mr. A. D. SMITH, of the Finance Committee, presented the following report:

GENTLEMEN—Your Committee on Finance would report that the temporary loan authorized by Councils last year, and in the beginning of the present year, amounting in all to [illegible], has been paid, except a note of $5,832, which the committee found necessary, with the consent of the party holding the note, to extend for another year.

Your committee would also report that the expenditures of the city, up to the first instant, are [illegible], while the receipts up to the 17th inst. have only reached $214,443 09, leaving the treasury deficient in the sum of $21,961 41. We would therefore offer the following resolutions:

Resolved, That the action of the Committee on Finance, in renewing the city's note of $5,832, for one year, be and is hereby approved.

Resolved, That the Committee on Finance be and they are hereby authorized to make a temporary loan of [illegible], on the best possible terms, for the purpose of meeting the demands on the treasury.

The report was accepted and the resolutions adopted.

REPORT OF THE COMMITTEE ON SURVEYS.

Mr. GANG submitted the report of the Committee on Surveys, as follows:

To the Honorable Members of the Select and Common Councils:

GENTLEMEN: Your Committee on Surveys would present the following report upon matters referred to them by your Honorable bodies:

First—In the matter of the difficulty between John F. Kennedy, Esq., and Chas. Davis, Esq., City Regulator, in reference to an alleged irregularity in the regulation of the former's lot in the Fifth ward, upon the subject matter of which your Committee had previously reported unfavorably to Mr. Davis, without giving him an opportunity to present a counter statement, the Committee after a protracted hearing of the case, decided that they had no jurisdiction, and suggested as the best method for settlement that the matter be amicably arbitrated.

2d. In the matter of getting up a complete map of the city, your committee are of the opinion that there is an existing necessity for such a work, and recommend the City Engineer to make the preliminary preparations during the winter.

The report was accepted.

PROPOSED NEW MAP OF THE CITY.

Mr. MEYER presented a resolution authorizing the City Engineer to prepare a new map of the city.

Several members opposed the resolution, and insisted that the probable cost of the work should be first ascertained.

Mr. RIDDLE moved to refer the resolution to the Street Committee, to ascertain the probable cost of preparing the map, and report the same to Councils. Adopted.

FRANKLIN STREET.

Mr. A. PATTERSON offered a resolution instructing the Street Commissioner to compel the contractors on Franklin street to fill up the excavation on said street between Chartiers and Beaver streets. Referred to Street Commissioner, with power to act.

THE FEDERAL STREET SEWER.

Mr. McBRIER, (Mr. Black in the chair), called the attention of Councils to the fact that, under the sewerage law, the special assessments may be regarded as equitable where the sewers are constructed in the middle of the street; but in the case of the Federal street sewer, now being constructed on the eastern side, the special assessments would be unequal, as those on the west side of said street would have to excavate a much longer distance, and tunnel under the passenger railway tracks to make the necessary connections. He therefore offered an ordinance providing that the lots on the eastern side of Federal street be taxed $2 50, and those on the west side $1 50. The ordinance was read three times and passed.

Select Council adjourned.

COMMON COUNCIL.

JOHN S. SLAGLE - - - - - - President.
ROBT. DILWORTH - - - - - - - - Clerk.

Council came to order at half past seven o'clock, and upon the roll being called the following members answered to their names:

Messrs. Cutler, Comley, Clark, Eyster, Flemming, Greetzinger, Hanna, Hastings, Hochuly, Kennedy, Kunkle, Ley, Megraw, Mayer, McDonald, McNeill, Reynolds, Reed, Richardson, Reineman, Saints, Seidle, Slack, Tate, Voegthy, White, Warner and President Slagle.

The minutes of the last two meetings were read by the CLERK, and were approved.

WIDENING OF SIDEWALKS.

Mr. McDONALD presented a petition from the property holders of Jackson street, asking for the widening of the sidewalks on that street. Referred to the Street Committee.

THE OPENING OF SEDGWICK STREET.

Mr. WARNER, a remonstrance from the property holders on and near Sedgwick street, against the opening of said street. Referred to the Street Committee.

GAS LAMP.

Mr. HASTINGS offered a resolution instructing the Committee on Gas to have a gas lamp placed at the northeast corner of Knoll street and Orchard alley. Referred to the Gas Committee.

REPORT OF THE COMMITTEE ON GAS.

Mr. McDONALD presented the following report of the Gas Committee:

To the Select and Common Councils of the City of Allegheny:

GENTLEMEN—Your Committee, after careful examination, would report favorably on the following petitions for the erection of gas posts: Corner of Fayette and Fulton streets; Fayette, between Frazier and Fulton; Sheffield, between Bidwell and Frazier; corner of River avenue and Gray's alley; corner of Locust and Chartiers streets; also, Franklin and Chartiers, provided there is a main; corner Grant avenue and Beech street; Fayette, between Bidwell and Frazier; corner of Fulton and Western avenue; southwest corner of Ohio avenue and Allegheny; corner of Geyer alley and Veto alley—the petitioners agreeing to pay the cost of laying the pipe.

The petitions for the erection of a gas post on the corner of North Canal and Federal streets, is laid over for the present.

All of which is respectfully submitted.

The report was accepted and adopted.

Select Council concurred, provided a lamp be erected on the corner of North Canal and Federal streets.

Common Council accepted the amendment of Select Council.

REPORT OF THE WHARF COMMITTEE.

Mr. WHITE, from the Committee on Wharves and Landings, presented the following report of that Committee:

To the Select and Common Councils of the City of Allegheny:

GENTLEMEN—Your committee, to whom was referred the resolution ordering the pavement along Duquesne way to be protected by a deposit of cinders, to report cost, would respectfully report that the character of the work is such that it would be impossible to arrive at the exact cost. Also, that we can secure a deposit of cinders on very favorable terms, and as it is important that the work should be done at once, we commend the passage of the following resolution, viz.:

Resolved, That the Committee on Wharves and Landings be, and they are hereby authorized to contract with Shoenberger, Blair & Co., for hauling and depositing on the bank of the Allegheny river the hard cinders from their Blast Furnaces, on the following terms, viz: The city to pay the toll over the bridge and one-fourth part of the hire of the carts.

The report was accepted and the resolution adopted.

Select Council concurred, provided the contract will be terminated at the direction of Councils.

Common Council receded and concurred with Select Council.

REPORT OF THE COMMITTEE ON ENGINES.

Mr. MEGRAW presented the report of the Committee on Fire Engines, as follows:

To the Honorable members of the Select and Common Councils:

GENTLEMEN:—Your Committee on Fire Engines respectfully report as follows:

1st. In reference to the non-acceptance of the Messrs. Harper & Gutman wagon, for the Fire Department, your committee have reconsidered their action, and recommend the acceptance of the same, provided the firm will make deduction in the different price of springs, wherein they differ from what the specifications call for, and also guarantee the same for a reasonable time.

2d. Your committee recommend the increase of Mr. McCandless's salary, as Superintendent of the Fire Alarm Telegraph, to $800, with the view of devoting his time to securing the efficiency of that system.

3d. The purchase of the property adjoining the Columbia Engine House, on Lacock street, is regarded as essential to the efficiency of that company, by this committee, and your committee respectfully ask the authority to expend $1,500 with that object in view.

On motion, the report was accepted.

The first part of the report relative to a wagon for the Fire Department was adopted.

The second part of the report relative to an increase in the salary of the Superintendent was taken up.

Mr. HASTINGS moved that it be referred back to the Committee with power to employ the Chief Engineer of the Fire Department to take charge of the telegraph at a salary of two hundred dollars per annum in addition to his salary as Chief Engineer.

Mr. SLACK moved to amend by making the salary three hundred dollars.

After considerable discussion on the matter, Messrs. HASTINGS and SLACK withdrew their motions.

Mr. McNEILL then moved to refer the matter back to the committee, and report all the facts in the case to Councils. Adopted.

REPORT OF THE MARKET COMMITTEE.

Mr. HANNA, Chairman of the Market Committee, presented the following report:

To the Select and Common Councils of the City of Allegheny:

GENTLEMEN:—Your Committee on Markets would respectfully report that they had before them the proposition of Mr. Gray, of the Second ward, wherein that gentleman agreed to transfer his scales to the city, keep them in good order, and pay half the salary of an attendant one day per week—Monday—being the principal day, agreeing during the balance of the week to attend to them personally, returning an accurate account of the business thereof, provided the city would allow him half the net proceeds. Your committee were at first inclined to report favorably upon the above proposition, but after a more thorough exchange of opinion, it was thought best to submit the facts in the case to Councils. The scales belong to Mr. Gray, and are used by him in the line of his business. Upon no condition would he make an absolute disposal of them. He is willing, however, to negotiate with Councils, signifying his disposition to comply with any reasonable arrangements made by Councils, owing to the inadequate capacity of the Second ward scales to do the work in the required time. Mr. Gray's scales were brought into requisition more for the purpose of retaining his legitimate business than as a source of revenue to him. Of course this is clearly an infraction of the act of Assembly, and Mr. Gray is consequently liable to the fine in such case made and provided. The phase of the erection of new scales was discussed, and although the city has a two story brick building, doubtless originally intended for a weighhouse, besides ample property for the erection and proper maintenance of new scales, the Committee did not feel at liberty to so recommend to govern honorable bodies, for the reason that such an enterprise carried with it the constant employment perhaps of an attendant, whose wages would probably be in excess of the gross revenue of the sales. The house and property referred to as belonging to the city, are now used as a necessary appendage to the scales of Mr. Gray, by those doing business in the weighing line, not one cent of revenue being received therefrom by the city. Your committee are of opinion that a temporary arrangement might be entered into with Mr. Gray, with the object in view at some future period of erecting more capacious scales.

The report was accepted.

Mr. MEGRAW then offered the following:

Resolved, That the Committee on Markets be and they are hereby directed to have a new scales set up and established along side of the others for the purpose of accommodating those using said scales.

Upon a vote being taken the resolution was lost.

Mr. TATE then moved to instruct the committee to contract with Mr. Gray for the use of his scales, on the best terms possible.

After considerable discussion Mr. McNEILL called for the yeas and nays, which resulted: Yeas, nine; nays, seventeen. So the motion was lost.

Mr. CLARK then moved to reconsider Mr. MEGRAW'S motion, which was carried by a vote of eighteen yeas to eight nays.

The question was then taken on the adoption of Mr. MEGRAW'S resolution, which resulted in its being carried.

THE NEW CITY POOR FARM SITE.

Mr. McNEILL presented the following report:

To the Honorable the Select and Common Councils of the City of Allegheny:

GENTLEMEN: The undersigned would respectfully report, that in pursuance of a resolution of Councils the Directors of the Poor advertised, asking proposals to sell to the City of Allegheny a farm for a Home for the Poor of said city.

Some forty offers were received for farms, that were distributed over nearly every section of the county. The greater number were from south and east of the rivers. We did not think it likely that Councils would favor a location either south or east of the rivers, if a suitable place could be reached without crossing the said rivers. Hence our examinations were confined almost exclusively to our own side. Of those offered, not over two or three are in any way suitable; the greater number are hilly, inaccessible and without an adequate supply of water or coal, and we are free to say that none offered is known to us in every respect just what would be desired. But upon thorough and patient examination we are of the opinion that the Farm offered by Mr. and Mrs. Brackenridge is the best, and the most suitable that the city will have an opportunity to purchase. It is situated about twenty-one miles from the city, on the Western Pennsylvania Railroad, close by and east of Tarentum. It contains one hundred and fifty acres, all of which is susceptible of easy cultivation. It lies on a gradual plain fronting the south-east, and extending from the main road leading to Freeport to the Western Pennsylvania Railroad (a plot of which is herewith submitted). It has three very favorable building sites, from either of which every acre can be seen, and to which an abundance of good, soft spring water will flow, without any cost except for pipes. Nearly the whole tract is underlaid with coal; the bank is opened and proved to be as good as any in that section. The land is not now very productive, having been cropped out and somewhat run down; but the soil is naturally loose and good, easy to keep up and with proper management in a short time may be made as productive as any land in the county. There is on the place a young orchard of fruit trees and a vineyard of twenty-two hundred vines, just beginning to bear. There are, also, three small houses on it, two of which may be made permanently useful, the other is old and would be torn down, being of no value whatever.

The price of this Farm is three hundred and seventy-five dollars per acre—ten thousand dollars cash on the delivery of a satisfactory deed, and the balance in five equal annual installments with interest.

The only unfavorable feature in this Farm is the distance from the city. In every other respect it is very suitable, and upon the whole it is believed to be much the best offered.

All of which is respectfully submitted, and they would ask the adoption of the following resolution:

Resolved, That the Directors of the Poor be and they are hereby authorized to purchase the said farm from Mr. and Mrs. Breckenridge on the best terms they may be able to obtain—the title to be examined by the City Solicitor in connection with S. H. Geyer, Attorney.

H. McNEILL,
M. G. CLARK,
W. TATE, JR.,
A. WIESE,
WM. KREBS,
Committee.

Mr. TATE moved that the report be accepted and adopted.

Mr. WARNER said that he understood there was a gentleman who had made a proposition this evening for a site for the farm, which was a very desirable one, and he was opposed to hasty action in the matter.

Mr. MEGRAW was opposed to hasty action in the matter, and was not in favor of locating the City Farm a distance of over twenty miles from the city. It should be near the city, where members of Council and citizens generally, when they wished to visit it, could gain easy access to it.

Mr. SLACK said that the matter was a very important one, and he was in favor of postponing action on it at present.

Mr. TATE said that advertisements have been issued for some months past for proposals for a site for the Farm, and he thought therefore, there was no use of deferring action on the matter.

After some further discussion on the matter, Mr. HASTINGS moved that action on it be postponed until next meeting, which was carried.

OPENING JALAPPA STREET.

Mr. CUTLER presented a communication from F. Braun, complaining of the action of certain parties in unlawfully opening Jalappa street, in the Fifth ward, whereby his property is damaged and the lives of pedestrians endangered, and asking the protection of Councils. The communication was accepted. (Not reached in Select Council.)

Mr. CUTLER then offered the following:

Resolved, That the Street Commissioner be instructed to enforce the ordinances as they are at present.

The resolution was adopted. (Not reached in Select Council.)

In all of which business not otherwise noted, Select Council concurred.

Council then adjourned.

Police Intelligence.

[Before Mayor Drum, of Allegheny.]

SUNDAY LIQUOR SELLING.

On Sunday night the Allegheny police were notified that two colored men were fighting in front of the tavern of Joseph Myers, on Third street, Third ward, that city. The police proceeded thither and succeeded in arresting one of them—Thomas Taylor—but the other escaped. Taylor was taken to the lock-up, and yesterday morning was fined five dollars and costs. He said that he was under the influence of liquor when he was arrested, and that he got his liquor at Myers's tavern. He then lodged an information against Myers for selling liquor on Sunday. The accused was held for a hearing this evening.

REFUSED TO CLOSE HIS SALOON.

After twelve o'clock on Saturday night, Officer Daniel Graham was passing the Gardner House, on Federal street, and observing the bar-room open, informed Gardner, the proprietor, that he was violating the law in keeping open after twelve o'clock, and told him to close his saloon. Gardner, it is alleged, made some very insulting remarks to the officer, and refused to close the saloon, when Officer Graham arrested him and took him before the mayor. His honor inflicted a fine of ten dollars and costs upon Gardner for his conduct.

RAID ON CORNER LOAFERS.

The citizens of Allegheny, residing on Ohio street, above East Common, have complained for some time past of a number of young men who make it a business of loafing on the corner of that part of Ohio street. The police on Sunday evening made a raid on the loafers and succeeded in arresting a dozen of them. They were taken to the Mayor's office, but upon promising not to be found again loafing there, they were let off upon the payment of costs.

[Before Justice Ammon, of East Birmingham.]

ASSAULT AND BATTERY.

Justice Ammon yesterday committed Henry Weers to jail, in default of five hundred dollars bail, to await trial on a charge of assault and battery preferred by Andrew Deckar.

[Before Alderman McMasters.]

FALSE PRETENSE CASES.

Henry Henk instituted suit before this magistrate yesterday against Wm. Wesley for false pretense. The prosecutor alleges that Wesley came to him and represented that he was a commissioner to obtain stock for the "Pittsburgh Shooting Company," which he said had been incorporated by the Legislature, that they had already the ground on which to build and that they were raising stock for the purpose of erecting a building for the use of the association. Under these representations he obtained fifty dollars from Henk for two shares in the company. He subsequently ascertained that the company was not a chartered one and that they owned no ground. A warrant was issued for the arrest of the accused.

John McCarthy lodged an information against a man named Elliott for false pretences. McCarthy alleges that Elliott obtained a load of coal, valued at two dollars and a half, by representing that he had paid for it to the deponent's employer, which was false. The accused has not yet been arrested.

[Before Alderman Taylor.]

THREATENED THEM.

Wm. Woodward, of Wood's Run, was before this Alderman yesterday, charged with surety of the peace, on oath of John Davis, who alleged that he threatened to knock the brains out of deponent and wife.

[Before Alderman Johns.]

TWO CHARGES.

Alderman Johns, of the Eleventh Ward, yesterday committed John Johnson to jail for trial on a charge of keeping a bawdy house, and also for disorderly conduct, both charges being preferred by Mary Harris. The accused gave bail on the charge of keeping a bawdy house, and was released on the disorderly conduct case on a defective commitment.

New York Betting Market.

[From the New York Sun.]

Since the elections of October 13, betting on the questions to be settled a week from next Tuesday has been very dull. The losers on Pennsylvania and Indiana—and they lost very heavily—have been shy of taking new risks. Besides, they have large amounts of old bets still outstanding on the Presidency, and also on the State of New York, the latter at considerable odds.

On the Presidency no bets are now made. One hundred is offered on Grant against five on Seymour, without takers. On the result in this State bets are now taken at $100 on Grant against $70 on Seymour. We know also of one bet of the rate of two to one; but this is justly considered extravagant and exceptional. On Hoffman and Griswold the betting is about even, with the odds rather in favor of the latter.

MISS SARAH P. REMOND, a New York colored woman, has availed herself of a long visit abroad to acquire a medical course of education. She has been in Europe for several years past, and during the last two years a medical study at Florence, Italy, in its largest hospital, the St. Maria Nuova. After a regular course of study and also of hospital practice, she has recently passed the necessary examinations, and received a diploma for professional medical practice.

The New York police report that the mate and two sailors on board the brig Lord Hartington, were burned to death. The total loss by the fire will probably reach $300,000. Daniel Burke has been arrested for shooting private watchman Kane during the fire. Kane died soon after.

A man named McPherson violently assaulted a colored man named John White, in a Somerville horse car, at Boston, on Saturday. The colored man shot his assailant, inflicting wounds which are likely to prove fatal. White surrendered, and claims he acted in self defense.

The ferryboat Kings County, belonging to the Hunter's Point Company, took fire last evening at her dock, at New York, was towed in the stream and burned to the water's edge. Loss estimated at $70,000; insured.

The All England Eleven cricketers sailed for home on the steamer City of Baltimore on Saturday.

WOOL.

There has been a very quiet feeling in the Boston wool market during the past week, with but few large buyers operating to any extent. Manufacturers are mostly engaged in changing their machinery to the production of spring goods, and the actual consumption of wool is therefore quite moderate for the time being. Fall goods are in ample supply and the reasonable demand for some descriptions is not quite up to their expectations. Hence there is a general stocking up on the production and raw material for immediate use is not much wanted.

Hops.

In New York hops continue in moderate demand, including American at 12@25c for new, and foreign at 15@20c ℔ ℔. The transactions during the past week, says the circular of Emmet Wells, have been on a large scale, notwithstanding the very unfavorable weather. The demand has been chiefly for fine grades, suitable for shipping. [illegible]
